Memo

Queensland Curriculum and Assessment Authority

10 November 2026 **Senior secondary** Number: 056/26

Release of 2026 student achievement data to schools

Purpose

To outline the information that will be available about final results and achievement data for students exiting school in 2026.

Background

From 9 am on Wednesday 16 December, the QCAA will release Senior Education Profiles (SEPs) for students exiting school or completing learning in 2026. Students can access their SEPs, as well as their internal assessment (IA), external assessment (EA) and final subject results from their learning accounts in the Student Portal via the myQCE website. See Release of 2026 Year 12 subject results and Senior Education Profiles to students.

Information for schools about student results and Queensland Certificate of Education (QCE) or Queensland Certificate of Individual Achievement (QCIA) eligibility will be available at the same time in the Student Management and Analytical Dashboard applications (apps), in the QCAA Portal.

Information

Schools will be able to access the following reports in the Student Management app.

Note: These reports will be **unavailable** from **Thursday 3 December** to **Wednesday 16 December 2026**, when final results and SEPs will be released. See Data checking procedures for students exiting school in 2026.

Information	Accessed from	Notes
Subject offering enrolment and results report	**Reports** > **Results reports** > **Subject offering and results report — by subject**	• Generate for each subject to view all IA, EA and final results
All subject offerings results report	**Reports** > **Results reports** > **All subject offerings results reports**	• Generate a single spreadsheet with all enrolments and results for all students and subjects, by subject type (General, Applied or Short Course)
Result item reports	**Reports** > **Results reports** > **Result item reports**	• Generate for individual IAs and final subject results in each subject

Information	Accessed from	Notes
QCE eligibility	**Reports** > **Certification reports** > **QCE eligibility** > **2026 Exit year** **Certification** > **QCE eligibility** > **Exit year** > **2026**	• See final QCE eligibility for all students exiting in 2026 in one report • Includes new requirement of academic integrity course completion for 2026 • Export list as a CSV to view and filter
QCIA eligibility	**Certification** > **QCIA eligibility** > **Exit year** > **2026**	• See final QCIA eligibility for all students exiting in 2026
Learning account summary	**Reports** > **Student reports** > **Learning account summary**	• See all enrolments, results and QCE or QCIA eligibility for individual students or whole cohort
Certification summary report	**Reports** > **Certification reports** > **Certification summary** > **2026**	• See certification data for 2026 exiting cohort, including SEPs, vocational education and training (VET), and school-based apprenticeships or traineeships (SATs)
QCE achievement awards	**Admin** > **QCE student awards** > **Issue year** > **2026**	• See students who received Subject Achievement Commendation and Certificate of Academic Commendation awards

Accessing individual student data

Schools can check their individual students' learning accounts, QCE and QCIA eligibility, and SEPs. To do this, schools search for individual students via the **Students** tab in the Student Management app.

Analysing school and subject cohort data

The Analytical Dashboard app also provides tools to view and analyse school and subject cohort performance. Schools can:

- view and download a spreadsheet with all enrolments and results for all students and subjects as one document, with one sheet for each subject type (General, Applied, Applied (Essential) and Short Course)
- use the subject data analysis tools to compare their students' General and General (Extension) subject results with statewide data. This allows schools to interact with data using a variety of tables and graphs. Data is displayed from an overall subject result level, down to individual assessment criteria.

Data in the Analytical Dashboard app matches current student results data in the Student Management app.

The QCAA will hold webinars from early 2027 to continue assisting schools to analyse and interpret student achievement data in the Analytical Dashboard app. See PD & Events for details.

What you need to do

Inform relevant staff about arrangements for the release of 2026 results and achievement data.

Ensure appropriate staff have access to this information in the QCAA Portal (Student Management and Analytical Dashboard apps).

Staff will require Student Management Administrator or Student Management Read-only roles to access this information in the Student Management app.

Staff will require Analytical Dashboard Administrator or Subject Viewer roles to access this information in the Analytical Dashboard app. Analytical Dashboard Administrators can assign subjects in the Analytical Dashboard app for those who hold Subject Viewer roles. Roles can be assigned by school Organisation Administrators.

Finding out more

For more information about:

- access to the Student Management app or the Analytical Dashboard app, please email clientservices@qcaa.qld.edu.au or phone (07) 3864 0299
- using the Student Management app, please email certification@qcaa.qld.edu.au
- using the Analytical Dashboard app, please email analysis.reporting@qcaa.qld.edu.au
- QCE eligibility, including QCE credit and QCE pathways, please email QCEforSchools@qcaa.qld.edu.au
- QCIA eligibility, please email qcia@qcaa.qld.edu.au.
