

# NAPLAN 2008 Outcomes

All Queensland schools

---

## Introduction

In July 2003, the Ministerial Council on Education, Employment, Training and Youth Affairs decided to improve the comparability and diagnostic potential of national literacy and numeracy data through the development of common national tests.

The first National Assessment Program — Literacy and Numeracy (NAPLAN) tests were held in May for all students in Years 3, 5, 7 and 9 in Australia. For the first time, students were assessed on the same test items in the domains of Reading, Writing, Language Conventions (Spelling, Grammar and Punctuation) and Numeracy. Before 2008, students had undertaken different tests in each state and territory.

The following report shows Queensland student achievement in the NAPLAN tests on a school-by-school basis. Detailed reports on individual student achievement are sent to parents by schools each year.

While school results have already been reported to parents and provided on school websites, this is the first time this data has been reported collectively in the public domain.

Parents are reminded that the data provides only a snapshot of a school's results in the areas of literacy and numeracy. For comprehensive information about a school or your child's achievements at school, parents should contact the school directly.

## Reading the table

### School

Name of the school

### Locality

The city, town or suburb where the school is located

### Year level enrolments

Total enrolments in the year level at the time the NAPLAN tests were undertaken.

### Average score of students at the school

Shows the average scale score of students at the school. Raw scores are transformed into scale scores that allow comparison of students between year levels and in the future, across years. Scale scores have an average of approximately 500 across all year levels (i.e. Years 3, 5, 7 and 9).

### Percentage of students at or above National Minimum Standard (NMS)

The national minimum standards are intended to be a snapshot of typical achievement on the NAPLAN tests. They do not describe the full range of what students are taught or what they may achieve.

### Year level

Shows the year level of students tested.

### Reading (READ)

Students read a variety of texts and respond to multiple-choice questions.

### Writing (WRIT)

Students write a narrative/story to demonstrate their knowledge and mastery of written language.

### Spelling (SPEL)

Spelling requires students to do two things: correct an identified misspelt word and find and correct an unidentified misspelt word.

### Grammar and punctuation (GP)

Grammar items require students to answer questions relating to grammar such as subject-verb agreement, tense and parts of speech.

Punctuation items require students to recognise correct punctuation and to accurately insert punctuation.

### Numeracy (NMCY)

Students are tested in the key areas of number; algebra, function and pattern; measurement, chance and data; and space.
