

# Years 7–10 History

## Australian Curriculum Version 9.0: Sequence of achievement standards

The table below provides a sequence of achievement standards for Years 7–10 History, organised by Knowledge and understanding, and Skills. A similar resource is available for Prep–Year 6 HASS, Years 7–10 Civics and Citizenship, Years 7–10 Economics and Business, and Years 7–10 Geography.

	Year 7	Year 8	Year 9	Year 10
Knowledge and understanding	By the end of Year 7, students describe the historical significance of the ancient past and the histories of early First Nations Peoples of Australia. They identify the causes and effects of events, developments and achievements connected to groups and individuals in Australia and other societies from the ancient past. Students describe the social, religious, cultural, economic, environmental and/or political aspects related to changes and continuities in these societies. They identify the roles and achievements of significant individuals and groups, and the influences on the development of ancient societies. Students explain the importance of heritage sites connected to Australia and other societies from the ancient past.	By the end of Year 8, students describe the historical significance of the periods between the ancient and modern past. They explain the causes and effects of events, developments, turning points or challenges in Medieval, Renaissance or pre-modern Europe, or in the societies connected to empires or expansions, or the societies of the Asia-Pacific world during these periods. They describe the social, religious, cultural, economic, environmental and/or political aspects related to the changes and continuities in a society or a historical period. Students describe the role of significant individuals, groups and institutions connected to the societies of these periods and their influences on historical events.	By the end of Year 9, students explain the historical significance of the period of the early modern world up to 1918. They explain the causes and effects of events, developments, turning points or movements globally, in Australia and in relation to World War I or in an Asian context. They describe the social, cultural, economic and/or political aspects related to the changes and continuities in a society or a historical period. Students explain the role of significant ideas, individuals, groups and institutions connected to the developments of this period and their influences on the historical events.	By the end of Year 10, students explain the historical significance of the period between 1918 and the early 21st century. They explain the causes and effects of events, developments, turning points or movements in 20th century Australia and internationally, leading up to and through World War II, and the post-war world. They describe social, cultural, economic and/or political aspects, including international developments, related to the changes and continuities in Australian society over this historical period. Students explain the role of significant ideas, individuals, groups and institutions connected to the developments of this period and their influences on Australian and global history.
Skills	Students develop questions about the past. They locate and identify primary and secondary sources as evidence in historical inquiry. They describe the origin, content, context and purpose of primary and secondary sources. Students identify the accuracy and usefulness of sources as evidence. They sequence events and developments to describe causes and effects, and continuities and changes across societies and periods of time. They describe the perspectives, attitudes and values of the past in sources. They identify and describe historical interpretations about significant events and people. Students use historical knowledge, concepts, terms and evidence from sources to create descriptions, explanations and historical arguments.	Students develop questions about the past to inform historical inquiry. They locate and identify a range of primary and secondary sources as evidence in historical inquiry. They describe the origin, content and context of sources, and explain the purpose of primary and secondary sources. Students compare sources to explain the accuracy, usefulness and reliability of sources as evidence. They sequence events and developments to explain causes and effects, and patterns of continuity and change across societies and time periods. They describe perspectives, attitudes and values of the past, and suggest reasons for different points of view. They explain historical interpretations about significant events and people. Students use historical knowledge, concepts, terms and references to evidence from sources to create descriptions, explanations and historical arguments.	Students develop and modify questions about the past to inform historical inquiry. They locate, select and compare primary and secondary sources, and use information in sources as evidence in historical inquiry. They explain the origin, content, context and purpose of primary and secondary sources. Students compare sources to determine the accuracy, usefulness and reliability of sources as evidence. They explain causes and effects, and patterns of continuity and change connected to a period, event or movement. Students compare perspectives of significant events and developments, and explain the factors that influence these perspectives. They analyse different and contested historical interpretations. Students use historical knowledge, concepts and terms to develop descriptions, explanations and historical arguments that acknowledge evidence from sources.	Students develop and modify a range of questions about the past to inform historical inquiry. They locate, select and compare a range of primary and secondary sources and synthesise the information in sources to use as evidence in historical inquiry. They analyse the origin, content, context and purpose of primary and secondary sources. Students evaluate the accuracy, usefulness and reliability of sources as evidence. They sequence events and developments to analyse cause and effect, and patterns of continuity and change, connected to a period, event or movement. They evaluate perspectives of significant events and developments, and explain the important factors that influence these perspectives. They compare and evaluate different and contested historical interpretations. Students use historical knowledge, concepts and terms to develop descriptions, explanations and historical arguments that synthesise evidence from sources.
