

Memo

Queensland Curriculum and Assessment Authority

11 August 2023

Senior secondary

Number: 051/23

Rehearsing use of digital stimulus and alternative format — digital files in external assessment

Purpose

To advise schools to rehearse processes for external assessments between 14 August and 8 September 2023 for:

- QCAA subjects requiring digital stimulus
- alternative format — digital files (adapted for students with QCAA-approved AARA for use of computers and assistive technology).

QCAA subjects requiring digital stimulus

The following subjects have digital stimulus that need to be accessed during the relevant external assessment.

	General and Alternative Sequence (AS)	Senior External Examination (SEE)
Languages (General and SEE only)	<ul style="list-style-type: none">• Chinese• French• German• Italian• Japanese• Spanish	<ul style="list-style-type: none">• Chinese SEE• Indonesian SEE• Korean SEE• Vietnamese SEE
The Arts	<ul style="list-style-type: none">• Dance• Film, Television & New Media• Music• Music AS• Music Extension	

The rehearsal provides staff and students with the opportunity to familiarise themselves with the processes (and contingency processes) that support the use of digital stimulus in external assessment. This includes maintaining security of stimulus files. The rehearsal is a critical opportunity for schools to resolve any logistical or technical issues that may arise.

Depending on the subject, stimulus may include audio (MP3) and audiovisual (MP4) files. Students should be given the opportunity to rehearse with the file types relevant to the subjects they are undertaking.

For students studying SEE Language syllabuses from other jurisdictions, the stimulus will be provided on a labelled CD. These subjects are:

- Arabic SEE
- Modern Greek SEE
- Polish SEE
- Punjabi SEE
- Russian SEE
- Tamil SEE.

This rehearsal information does not apply to these subjects.

Alternative format — digital files adapted for the use of assistive technology

The QCAA provides assessment in digital format (interactive PDF) for students with QCAA-approved AARA to use a computer and/or assistive technology in external assessment. The fileShare application (app) is used to manage school access to these files.

A sample alternative format — digital file (incorporating different subject samples) will be made available to schools with students requiring digital formats in external assessment. Relevant staff should use this to:

- familiarise themselves with the PDF format and the process of accessing alternative format — digital files through the fileShare app
- provide an opportunity for students to familiarise themselves with the format they are approved to use in external assessment.

Rehearsal file availability

The QCAA provides digital rehearsal files for schools to prepare for assessments with digital stimulus/formats. Files will be available from **11 August 2023** and are accessible from the following locations:

- QCAA Portal Noticeboard
 - rehearsal information for USB and fileShare
 - rehearsal information for alternative format — digital files.
- fileShare app
 - rehearsal files for subject-specific digital stimulus
 - rehearsal files for alternative formats.

What you need to do

For Languages and The Arts, external assessment (EA) coordinators must:

- access the QCAA Portal Noticeboard to download *Digital stimulus handbook (USB)* or *Digital stimulus handbook (fileShare)* documents
- access the QCAA fileShare app to download the subject-specific digital stimulus rehearsal file
- conduct a rehearsal between **14 August** and **8 September 2023** to
 - plan the logistics related to use of digital stimulus in external assessment, including allocating supervisors to assessment sessions
 - practise the school's procedures for distributing assessment-related files in external assessment, including backup processes
 - familiarise students and staff with the process of decrypting and accessing files
 - ensure that school and student devices are compatible for use in external assessment
- evaluate the rehearsal and resolve any issues that arise.

For alternative format — digital files, EA coordinators must:

- access the QCAA Portal Noticeboard to download the rehearsal information for digital formats
- access the fileShare app to download the sample alternative format — digital file
- conduct a rehearsal between **14 August** and **8 September 2023** with students approved to use a computer and/or assistive technology in external assessment
- liaise with relevant staff to enable students approved to use a computer and/or assistive technology to become familiar with the format
- plan the logistics related to use of alternative format — digital files in external assessment, including the download and return of files through the fileShare app.

Students will require software that can read a PDF file. **Note:** Students must not use an internet browser to open the PDF as saving features may be disabled and student work can be lost.
