

# Release of Assessment Design and Artificial Intelligence webinar recording and associated resources

## Purpose

To encourage schools to view a recording of the QCAA's recent webinar on assessment design and artificial intelligence (AI), and the associated resources.

## Background

The QCAA developed the Assessment Design and Artificial Intelligence webinar to help teachers and school leaders deepen their understanding of assessment design while considering the recent developments in AI. The webinar focuses on assessment design and its practice in secondary schools that use the Australian Curriculum and QCE system. The webinar provides school leaders with further approaches to complement the guidance in the Australian Curriculum v9.0 and *QCE and QCIA policy and procedures handbook v4.0*.

The third webinar in the series is 'Digital Literacy and Artificial Intelligence', and is on Thursday 16 November. See the QCAA website at

<https://events.qcaa.qld.edu.au/Event.aspx?e=2203&r=310> for more details.

## Information

The webinar recording and associated resources are now available on the QCAA website at [www.qcaa.qld.edu.au/about/k-12-policies/artificial-intelligence/webinar-series/assessment-design-artificial-intelligence](http://www.qcaa.qld.edu.au/about/k-12-policies/artificial-intelligence/webinar-series/assessment-design-artificial-intelligence).

The webinar includes presentations from:

- Associate Professor Jason Lodge from the University of Queensland, an expert in the ways technologies, such as AI, are influencing learning and teaching at
- Mahoney Archer, Deputy Principal at Albany Creek State High School.

The topics in the webinar include:

- the principles of assessment design
- the effect of generative AI on assessment practice
- a school-based response.
