## K–12 satisfaction surveys

### Purpose

To encourage schools and kindergartens to complete survey/s seeking their views on the QCAA's curriculum and assessment products and services by **12 May 2026** to inform the QCAA's public reporting obligations and future improvements.

### Background

Each year, Queensland schools and kindergartens are invited to provide feedback on the QCAA's syllabuses, guidelines, assessments, advice, resources and related services.

Feedback is collected through three surveys — a *Queensland kindergarten learning guideline* (QKLG) survey, a Prep–Year 10 survey, and a Years 11–12 survey.

Survey results and feedback from professional learning events are used to calculate an overall measure of satisfaction. This measure is reported to the Queensland Government through the QCAA's Service Delivery Statement as part of the State Budget process. It is also published in the QCAA's annual report.

### Information

Although survey completion is not mandatory, all kindergartens and schools are encouraged to participate to help ensure the data is as accurate and representative as possible. Please access the surveys at the following links:
