

Memo

Queensland Curriculum and Assessment Authority

11 May 2026

Senior secondary

Number: 026/26

Administering Phase 2 of the common internal assessment in 2026

Purpose

To inform senior secondary schools about the QCAA's processes and procedures to support schools administering Phase 2 of the common internal assessment (CIA) for Essential English or Essential Mathematics.

Background

A student's exit result in Essential English or Essential Mathematics is based on their achievement in four internal assessments across Units 3 and 4. Schools develop three of these assessments. The fourth assessment — the CIA — is developed by the QCAA and marked by schools.

The CIA is delivered in two phases in Term 2, 2026. Different versions of the CIA are used in each phase. Schools can check their selected CIA phase in the Student Management application (app) in the QCAA Portal.

The [QCAA website](#) and the *Common Internal Assessment: Guidelines for Administration* (GFA) provide further contextual information about the CIA.

Information

Assessment materials

Phase 2 of the CIA runs from **Monday 18 May** to **Friday 19 June**. Schools should not distribute materials to students before Monday 18 May and only do so in accordance with managing the assessment (see the [GFA](#)).

Schools registered for Phase 2 will receive the assessment materials on **Tuesday 12 May between 9 am and 1 pm**. These secure materials will only be delivered by courier to a school's administration office/reception area.

On the day the materials arrive, schools must:

- check they have received the required quantity for each subject
- acknowledge receipt of materials (the QCAA will email instructions regarding the process).

If the materials do not arrive at your school on the scheduled delivery date or if more are required, please notify the [Program Management Unit](#) on 1300 239 227 or CIA@qcaa.qld.edu.au.

If your school is unable to accept delivery on the scheduled date and intends to proceed with administering Phase 2 of the CIA, contact the [Program Management Unit](#), at least one week prior to the scheduled date, to determine an alternative delivery method.

Essential English

Schools will receive:

- shrink-wrapped bundles of teacher packs. Packs include copies of the question and response book, stimulus books (includes unseen and seen stimulus) and the marking guide. These are to be used for teacher preparation and remove the need to open any shrink-wrapped materials until the day of assessment. Schools can make additional copies if needed
- bundle/s of seen stimulus to be distributed to students no more than three weeks prior to the day of the assessment
- shrink-wrapped bundle/s of student packs that include/s the question and response book, and stimulus book. These must be kept secure.

The digital marking guide will be available in the **fileShare app > General files**. This digital version is only available for the selected phase. **Note:** From 2027 onwards, the marking guides will no longer be printed and included in the teacher packs.

Essential Mathematics

Schools will receive:

- shrink-wrapped bundles of teacher packs. These include copies of the question and response book, formula books and the marking guide. These are to be used for teacher preparation and remove the need to open any shrink-wrapped materials until the day of assessment. Schools can make additional copies if needed
- shrink-wrapped bundle/s of student packs that include/s the question and response book, and formula book. These must be kept secure.

The digital marking guide will be available in the **fileShare app > General files**. This digital version is only available for the selected phase. **Note:** From 2027 onwards, the marking guides will no longer be printed and included in the teacher packs.

The CIA instrument-specific standards (ISS) is in the **fileShare app > General files** or in the **QCAA Portal > Syllabuses > Essential Mathematics > Implementation > Additional materials**.

Alternative formats

- Schools will receive individually named assessment packs for students with an approved AARA requiring an alternative print format.
- For students with approved use of assistive technology, alternative format interactive digital files are provided. These documents will be available in the **fileShare app > General files** on the same day as the scheduled delivery date. **Note:** Further instructions for downloading files is in the fileShare quick step guide available in the app.
- For students with approved printed format on coloured paper, non-interactive digital files are provided to print at the school. These documents will be available in the **fileShare app > General files** on the same day as the scheduled delivery date. **Note:** These files are designed to be printed. They are different to interactive files made available to students with approved use of computer/assistive technology.

Schools of Distance Education must notify the Program Management Unit if they require digital format by **Thursday 7 May** on 1300 239 227 or CIA@qcaa.qld.edu.au. These files will be available to Schools of Distance Education in the fileShare app on **Tuesday 12 May**. **Note:** These non-interactive digital files are designed to be printed. They are different to interactive files made available to students with approved use of computer/assistive technology.

Administration and security

The [GFA](#) is the key reference document for schools implementing a CIA. An electronic version of the GFA will be available in the Noticeboard app in the [QCAA Portal](#). Schools administer the CIA during the selected phase according to syllabus conditions (see the Essential syllabuses, Assessment sections) and the GFA, Section 4.

What you need to do

Schools must:

- check which CIA phase they are registered for in the **QCAA Portal > Student management app > Admin > Subject offerings**
- ensure that the selected phase suits the school context
- check that the correct students have been enrolled in Units 3 and 4 of Essential English (2025–2026) and Essential Mathematics (2025–2026) in the **QCAA Portal > Student Management app**
- urgently request approval from the Quality Assurance Unit if any change to the CIA phase is required by emailing qau@qcaa.qld.edu.au
- ensure applications are submitted for students requiring AARA, including alternative formats
- ensure relevant staff are registered to use, and know how to use, the fileShare app
- store all CIA materials, including unused materials, securely (even if unable to complete the assessment)
- contact the Program Management Unit on 1300 239 227 or CIA@qcaa.qld.edu.au if materials do not arrive on **Tuesday 12 May**.

A checklist of tasks to help schools is provided in the [GFA](#), Section 9.
