Make an outline

The children are beamed up

The aliens are friendly

The children are caged

The children are found again

The children hide

The aliens have a problem

The children hide

The children are helped by...

The aliens take them across the universe

The children are searched

The spaceship hovers and searches

The children hide

The spaceship lands

The aliens begin to search

The aliens are friendly

The children slip inside

The aliens return

The children take the ship

The children are...

They...
