

NAPLAN — Delivering

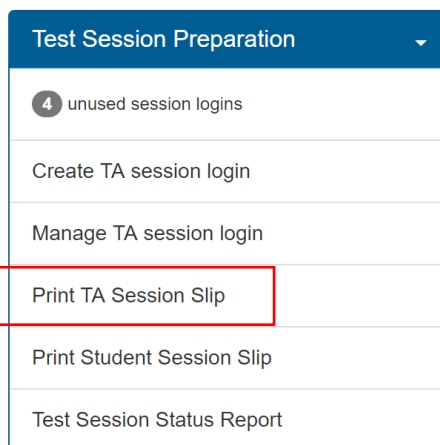

Factsheet 14: Print TA session slips

The **Principal** or **NAPLAN Coordinator** must print the **TA session slips** they created. This forms part of the TA pack that is provided to Test Administrators each day.

It is recommended to print all the TA session logins at the same time; however, individual pages can be printed.

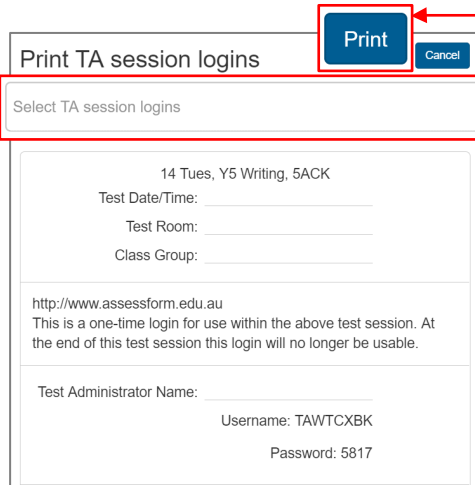

The TA session slip includes a **single use** username and password for the Test Administrator.

1. Select.

2. All unused* **TA session logins** will be displayed — each on an A4 page (scroll to view).

3. To search for a specific session — enter details here.

4. Select **Print**. (Use the **Print** dialog box to print the displayed TA session slip (a specific page, page range or all pages.)

* TA session logins with test sessions that have not been **Finalised** will also be displayed.
