

NAPLAN — Delivering

Factsheet 29: Generate reports

The **Principal** and **NAPLAN Coordinator** can generate a range of reports to check and manage test administration.

Reports
Open Test Session
Test Disruption
Test Session Finalisation
Multi school student and student information QA
Hosted and Visiting Students
Excluded Students
Student Participation Summary

The reports can be accessed in different ways. Optional filters are available for some reports.

Report descriptions

- **Open Test Session** — lists all test sessions that have not been finalised
- **Test Disruption** — lists any disruptions that occurred within a test session, including details
- **Test Session Finalisation** — provides details of finalised test sessions
- **Multi school student and student information QA** — provides information about student records that must be reviewed
- **Hosted and Visiting Students** — lists students who have completed tests at a different school and will need to have their test attempts transferred
- **Excluded Students** — lists students who are not included in national reporting
- **Student Participation Summary** — provides a summary of the school's test progress.

More information
