## Context

In this unit you have been studying the ways in which the innovative use of music elements and concepts have challenged, further developed or reconceptualised music traditions to represent, reflect and even shape cultural, societal and technological change.

## Task

Compose a work that incorporates either an innovation from a genre and/or style you have studied in class or your own innovative use of music elements and concepts.

Complete a statement of compositional intent explaining the use of music elements and compositional devices in shaping the purpose and execution of the composition.

To complete this task, you must:

- **use** music elements and concepts to reflect innovative compositional practices.
- **apply** compositional devices in the creation of your own work.
- **resolve** music ideas to communicate meaning and intent in your composition.
- **explain** the use of music elements and concepts to communicate meaning in composition.
- **apply** literacy skills using music terminology relevant to genre/style, referencing and language conventions to communicate music ideas in your own work.

## Stimulus

Innovations from music works studied in class.

## Checkpoints

- Week 3: Individual consultation to discuss planning stages
- Week 7: Draft submission and feedback provided

## Authentication strategies

- You will be provided class time for task completion.
- Your teacher will observe you completing work in class.
- Your teacher will conduct interviews or consultations as you develop the response.

- You must submit a declaration of authenticity.
- Your teacher will collect and annotate a draft.

## Scaffolding

You will:

- gather stimulus for inspiration
- consider music elements and concepts to reflect innovative compositional practices
- consider and use conventions associated with your chosen genre
- journal composition ideas
- record your composing sessions
- listen and analyse the work of others
- experiment with innovations
- engage in reflective strategies throughout the composition process
