Directions

1. Use a 2B pencil.

2. With your 2B pencil, blacken the whole area within the ○ (i.e. ⬜) to represent your response (A, B, C, or D) for each item.

3. To change a response, erase the existing response and ensure that your new response is substantially darker than the erasure. Cross-outs will NOT suffice. If more than one ○ is blackened for an item, that item will be marked as incorrect.

4. Do not, under any circumstances, use correction fluid or highlighter on this response sheet.
