Queensland Curriculum and Assessment Authority

The Queensland Curriculum and Assessment Authority (QCAA) is a statutory body of the Queensland Government established under the *Education (Queensland Curriculum and Assessment Authority) Act 2014*. In collaboration with a broad range of stakeholders and partner agencies, the QCAA plays a critical role in the design and delivery of education in Queensland.

The QCAA is responsible for kindergarten guideline and senior secondary syllabus development, and for providing resources and services to help teachers develop curriculum, teaching and learning programs from kindergarten to Year 12. It also provides testing, assessment, moderation, certification, and vocational education and training services to Queensland's education community.

Our vision: Supporting Queensland's world-class education system through excellence in curriculum and assessment.

Our purpose: To provide curriculum and assessment leadership that enables schools to achieve quality learning outcomes for their students, and to maintain public confidence in the integrity of senior certification.

Your team: External assessment
