Senior secondary

Year 12 verification: Meetings of review panels

Purpose

To advise schools and state and district review panels about dates and venues for October verification meetings.

Background

Verification is the process by which review panels advise schools about Year 12 student achievement.

Before the end of the course of study, schools prepare and send their verification submission to be reviewed by district review panels. The review panel then advises about the appropriateness of interim levels of achievement decisions relative to syllabus standards descriptors.

Due date for verification submissions

Verification submissions must arrive at district offices by Tuesday 8 October 2013.

Extension subjects

For extension subject submissions, please refer to the Senior Education Profile (SEP) calendar <http://www.qsa.qld.edu.au/6339.html>, which contains specific information including due dates.

Meeting dates and venues

District review panels (except extension review panels) will meet on Monday 21 October 2013 to review school submissions for senior Authority subjects.

State review panels without a district review panel will meet on two days, Monday 21 and Tuesday 22 October 2013 to review submissions for senior Authority subjects.

Dates and venues for meetings (including extension subject meetings) are detailed on the attached schedules.

Contents of verification submissions

Refer to memo 045/13: *Year 12 Verification for Authority Subjects* for submission requirements.

Travel arrangements

Panellists who require travel or accommodation bookings for verification meetings should complete the enclosed travel booking form and return it to district offices by Friday 6 September 2013. State panellists should return forms to the Queensland Studies Authority, marked for the attention of Coordinator (State Panel Operations).
