Release of CUA Live Performance and Entertainment Training Package

Purpose
To advise school RTOs of the recent publication of a new CUA Live Performance and Entertainment Training Package and the registration requirements for new qualifications. Schools with current Dance and/or Entertainment qualifications on their scope of registration and those interested in adding the latest qualifications must apply to have these qualifications on their scope of registration as soon as possible.

Background
CUA Live Performance and Entertainment Training Package, Release 1.0 was published on the national register, training.gov.au, on 21 November 2013. All Dance and Entertainment qualifications from the CUA11 Live Performance Training Package and the CUE03 Entertainment Training Package have now been replaced by new qualifications. RTOs are advised of Australian Skills Quality Authority’s (ASQA) General Directions: Transition & teach-out as summarised below.

For continuing students who are currently enrolled in CUE03 and CUA11 qualifications:
• The RTO must transfer continuing students of the superseded qualification into the replacement qualification as soon as practical, but no later than 20 November 2014.
• The RTO may continue to deliver training and assessment services and issue awards to current students of the superseded CUE03 and CUA11 qualifications who would be genuinely disadvantaged if required to transfer to the replacement qualification. However, RTOs can only deliver the superseded qualifications up to 20 May 2015.
• Students who have not completed the superseded CUE03 and CUA11 qualifications by 20 May 2015 must be transferred to the new qualification.

For new students who want to enrol in the new CUA qualifications:
• The RTO must commence new enrolments in the replacement qualification as soon as practical, but no later than 20 November 2014.
• The RTO must not enrol new students in superseded CUE03 and CUA11 qualifications after the replacement CUA qualifications are on its scope of registration.
• During the teach-out period, 21 November 2014 to 20 May 2015, the RTO must not enrol students and/or commence delivery in the superseded qualifications.
Information

*CUA Live Performance and Entertainment Training Package* can be found at: http://training.gov.au/Training/Details/CUA.

*Application to change RTO scope of registration* form can be found at: http://www.qsa.qld.edu.au/12264.html.

The tables below provide a brief overview of the changes.

### Table 1: Dance

<table>
<thead>
<tr>
<th>Superseded CUA11 qualifications</th>
<th>New CUA qualifications</th>
<th>Equivalent</th>
</tr>
</thead>
<tbody>
<tr>
<td>CUA10111 Certificate I in Dance</td>
<td>CUA10113 Certificate I in Dance</td>
<td>Yes</td>
</tr>
<tr>
<td>CUA20111 Certificate II in Dance</td>
<td>CUA20113 Certificate II in Dance</td>
<td>Yes</td>
</tr>
</tbody>
</table>

### Table 2: Entertainment

<table>
<thead>
<tr>
<th>Superseded CUE03 qualifications</th>
<th>New CUA qualifications</th>
<th>Equivalent</th>
<th>Notes</th>
</tr>
</thead>
</table>
| CUE20103 Certificate II in Live Production, Theatre and Events | CUA20213 Certificate II in Live Production and Services | Yes        | • Change to qualification structure and some pre-requisite requirements. See Training Package for details.  
• CPCCOHS1001A Work safely in the construction industry is now a Core unit. |
| CUE30203 Certificate III in Live Production, Theatre and Events (Technical operations) | CUA30413 Certificate III in Live Production and Services | No         | • Significant changes. See Training Package for details.                                           |

The new Training Package includes this information on the *National Code of Practice for Induction for Construction Work*:

Sets and staging for some performances or events may fall within the definition of construction work. If so, people entering the construction site are required to complete the general induction training program specified by the National Code of Practice for Induction training for Construction Work (Australian Safety Compensation Council, May 2007).

Achievement of the ‘White Card’ unit CPCCOHS1001A *Work safely in the construction industry* from the CPC08 Construction, Plumbing and Services Training Package through a Workplace Health and Safety Queensland-approved RTO provider fulfils this requirement.
What you need to do

If you intend to transition existing students or deliver the new qualifications, you need to identify the new qualifications, packaging rules and units of competency and submit an Application to change RTO scope of registration form within the required timeframes.

All applications will require the following information to be provided in addition to what is requested by the Application to change RTO scope of registration form:

1. copy of the Construction Induction — White Card for each trainer and assessor
2. confirmation that all students will obtain the Construction Induction — White Card at the beginning of the qualification.
