

Memo

Queensland Curriculum and Assessment Authority

8 February 2018

Senior secondary

Number: 010/18

2017 Year 12 Outcomes and school reports

Purpose

To inform schools that an updated learner report has been posted to the secure QCAA website for downloading. This information will be used when the 2017 Outcomes report is published on Sunday 18 February 2018.

Background

In November and December 2017 principals were:

- provided with draft information in school-specific reports available from the [secure QCAA website](#)
- asked to compare the information on the report with their own data and advise QCAA of any inaccuracies.

The QCAA has since published updated versions of school learner reports for each school.

What you need to do

Please check this data and report any final amendments by Monday 12 February. We will endeavour to include all changes in the Outcomes report published on 18 February at our [Statistics webpage](#). Any changes not able to be actioned will be included in subsequent updates to the published report.

Finding out more

For help accessing the secure QCAA website, please email QCAA's Help Desk at helpdesk@qcaa.qld.edu.au or phone (07) 3864 0278.

For data queries, please email QCAA's SEP Business Process Unit at sep@qcaa.qld.edu.au.

Claude Jones
Director, Assessment and Reporting Division
